A. PROGRAM DESCRIPTION AND SERVICES

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

Sub recipients of public transportation funding from the Federal Transit Administration (FTA), are required to develop policies, programs, and practices that ensure that federal and state transit dollars are used in a manner that is nondiscriminatory. JCCGCI is a sub recipient of FTA financial assistance through a grant from NYSDOT. This Title VI plan details how JCCGCI incorporates nondiscrimination policies and practices in providing transit services to the ridership we serve.

JCCGCI provides transportation for program clients at Inland Empire County NY. Service is operated to and from day programs as well as for activity trips mid-day. In addition, the residential facilities provide transportation to clients for medical, social, and recreational trips.

- ✓ A copy of board meeting minutes, resolution, or other appropriate documentation showing the board of directors or appropriate governing entity or official(s) responsible for policy decisions reviewed and approved the Title VI Program. The approval must occur prior to submission to NYSDOT. (Board approval is not required if the sub recipient does not have a Board.)

The JCCGCI shall update its Title VI plan every three years and present the updated plan to NYSDOT for their review and approval.

B.5 Public Involvement Process

Strategies and Desired Outcomes

Public Outreach Activities

JCCGCI primarily serves only clients that have been determined to be eligible for our transit service by DOT. The Funder, as a recipient of federal financial assistance, must comply with all Title VI requirements in the development and delivery of their programs. JCCGCI serves all individuals who are determined by the Funder to be eligible for services, without regard to race, color, or national origin and low-income status.

Public Outreach Activities

JCCGCI's program decision-making public involvement is limited to the population that meets the eligibility criteria set by DOT. The Funder is the lead agency for public involvement in the decision-making process with the goal of offering minority and low-income individuals the opportunity to comment on the benefits of the program services being provided with federal financial assistance. The Funder outreach consists of relationship building with agencies and stakeholders (such as community based organizations, older adults' centers, older adults' housing developments and elected officials) that provide services to minority, low income and LEP communities

JCCGCI assists the Funder during open-house events and the enrollment period as well as promoting the Funder's public involvement campaign to a diverse community. Members

As a recipient of federal US DOT funding, the **Jewish Community Council of Greater Coney Island, Inc.** takes reasonable steps to ensure meaningful access to our programs and activities by Limited English proficient (LEP) persons. Limited English Proficient (LEP) refers to persons for whom English is not their primary language and who have a limited ability to read, write, speak or understand English.

The **Jewish Community Council of Greater Coney Island, Inc.** Language Assistance Plan includes the following elements:

1. The results of the *Four Factor Analysis*, including a description of the LEP population(s), served.
2. A description of how language assistance services are provided by language
3. A description of how LEP persons are informed of the availability of language assistance service
4. A description of how the language assistance plan is monitored and updated
5. A description of how employees are trained to provide language assistance to LEP persons
6. Additional information deemed necessary

#1: LEP Four Factor Analysis

To determine if an individual is entitled to language assistance and what specific services are appropriate, the **Jewish Community Council of Greater Coney Island, Inc.** has conducted a *Four Factor Analysis*¹ of the following areas: 1) Demography, 2) Frequency, 3) Importance and 4) Resources and Costs.

Factor 1 – Demography

Jewish Community Council of Greater Coney Island's Senior Citizen Transportation program services senior citizens aged 60 or older who are of low income, frail and disabled and service area covers Kings County in New York. For purposes of this Language Access Plan (Limited English Proficiency Persons) or LEP customers mean individuals who do not speak English as their primary language and who have a limited ability to read, write, speak or understand English. Such persons may be eligible to receive language assistance with respect a particular service, benefit or encounter.

Jewish Community Council of Greater Coney Island, Inc. next looked at the largest language groups. From the U.S. Census Bureau, 2018 American Community Survey information is also available on the specific language groups. This data was used rather than 2023 data because it provided a

¹ DOT LEP guidance <https://www.transportation.gov/civil-rights/civil-rights-awareness-enforcement/dots-lep-guidance>

detailed breakdown of individual languages. The information on languages with more than 5% or 1,000 whichever is less of individuals 60+ years old speaking the language is provided below.

The following steps are taken in providing interpretation services to LEP customers:

- **Written Translations:**
 - JCCGCI determines which documents are important and are translated into languages of LEP groups who constitute 5% or 1,000 whichever is less, subject to the four factor test. JCCGCI shall also attach multilingual notices to documents sent to LEP clients asking if they want to have the documents translated in their language if needed.
- **Oral Interpretation:**
 - A written notice of the right to receive free oral interpretation of written materials, in their own language, shall be provided to LEP groups who meet the 5% or 1,000 threshold.

JCCGCI seeks opportunities to continuously improve its Title VI plan, public participation outreach efforts and providing meaningful access of our services to LEP individuals.

B10 Facility Location Equity Analysis

As a sub recipient of federal funds, JCCGCI understands we are required to conduct a Title VI equity analysis when planning to construct, expand, or purchase a facility. A facility includes storage facilities, maintenance facilities, and operations centers, but it does not include bus shelters, transit stations, or power substations. The equity analysis requirement applies even to facilities that do not receive direct federal funding (as long as JCCGCI receives federal financial assistance, Title VI requirements apply to all programs and activities). The equity analysis compares the equity impacts of various siting

alternatives and must occur during the planning phase, prior to the selection of the preferred site, and must include the following:

1. A description of the outreach to persons potentially impacted.
2. A comparison of equity impacts of various siting alternatives.
3. An analysis about whether a disparate impact occurs on the basis of race, color or national origin (including potential cumulative adverse impacts from other facilities with similar impacts in the area) because of the location and construction of a facility. (If there is a disparate impact, the construction of the facility may only occur if there is a substantial legitimate justification, there are no alternative locations that would have a less disparate impact, and it is not a pretext for discrimination).

For any new facility construction, expansion, or acquisition, JCCGCI will work with NYSDOT to ensure that the equity analysis is completed and submitted to NYSDOT. The equity analysis will be provided upon request to NYSDOT, FTA and during the triennial review.

The below is intended to provide direction to the reader as to whether JCCGCI was required to, completed, and included a Title VI equity analysis with this Title VI Plan update.
